

GROSSE SAVANNE

Lake Charles, Louisiana

E-NEWS UPDATE

SPRING 2011 FISHING UPDATE

Thanks to all who visited and enjoyed fabulous Saltwater and Freshwater fishing this past March, April, and May. For those that have not visited the newly renovated and expanded lodge, pictures of the lodge and recent customer outings have been uploaded to our website gallery at www.grossesavanne.com. Our 13,000 square foot facility consists of 9 bedrooms furnished with either full or queen-sized beds, a conference center with state-of-the-art equipment including wireless internet access and a computer business station, and a game room complete with a billiard table and large bar area.

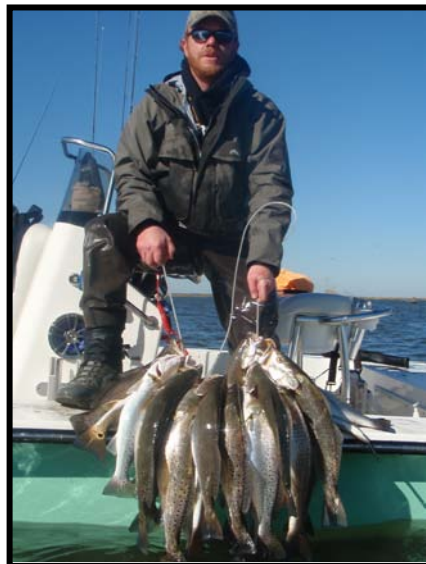

So far this year, we have totaled over 300 guided fishing trips with many bringing in limits of Redfish and some Flounder from our private marsh, a few nice Speckled Trout caught on TOPWATER in Calcasieu Lake, and hundreds of Largemouth Bass caught in our 70 acre impoundment!!

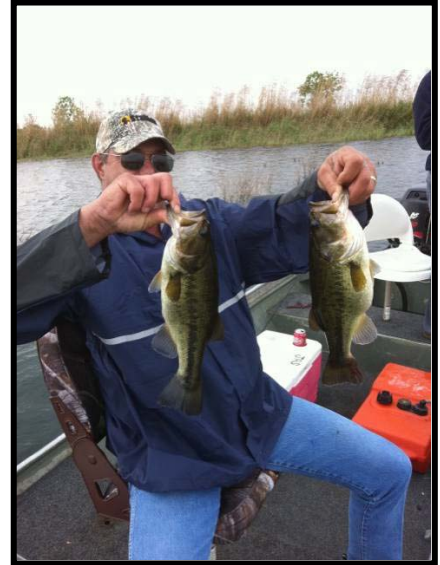

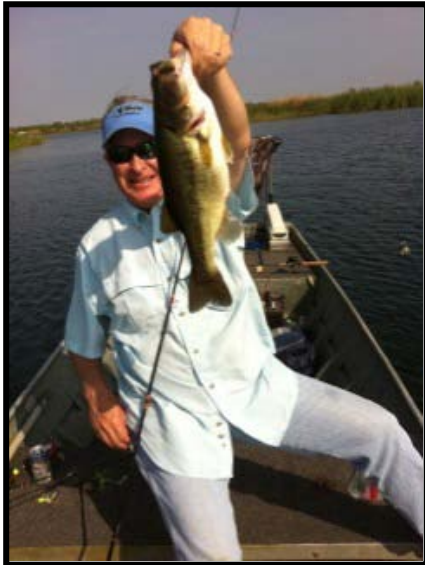

Our 10,000 acre saltwater marsh is still loaded with thousands of shallow water tailing Redfish. Just last year, almost all customers out 700 marsh fishing boats caught there legal limit of 5 Redfish per person. Most averaged a total of 30 to 50 redfish caught per trip. Also, most diehards came in with the added bonus of a limit of Founder during the months of June and July.

The 2011 lake saltwater fishing season has started off with a bang as well. As always, April, May, and June are considered to be the prime "Trophy Trout" months each year. July and August are excellent months for catching large quantities of Speckled Trout and Redfish. Everyone wants to get a piece of the action. Now is the time to claim your on an outing at Grosse Savanne Lodge.

We are now proud to offer Freshwater Largemouth Bass fishing as an additional outing option for our guests. In February of 2010, the main impoundment was stocked with 3,000 Largemouth Bass and 30,000 Hybrid Bluegill. Now, during your stay with us, after you get tired of catching Redfish, Flounder, and Speckled Trout, you can try your hand at reeling in a mess of bass and bream.

For those who do not require overnight accommodations, we still offer guided day trips on Calcasieu Lake, our private marshes, and freshwater impoundment.

Please contact us to plan your upcoming trip and answer any questions or comments you may have regarding our program and experience.

Don't wait until the last minute to book your fishing trip with GROSSE SAVANNE LODGE!

We hope to hear from you soon!

With Regards,

Karl Zimmermann, Marketing/Asst. Mgr.
